DEANS

Message from the chair-

"It was once again a fantastic meeting where all our members got involved in discussion and fed back their information they gathered in their various roles. I feel pleased to be in such a favoured position where I can support and guide the junior students and watch them develop their communication and organisation skills, which are all key for a life after school.

It has been amazing to hear about all the success in the school and it has been interesting to find out the changes people would like to be brought forward. I am excited for our next meeting to find out how things are coming along."

-Kieran Rhodes

Points Raised-

These will be discussed with the senior management team:
Keeping left in corridors, separating lunch lines in the dining hall by years, reducing litter, raising awareness of the counselling service, school headphone policy and the clean air policy.

What We Are Doing-

We are organising a focus group with council members in order to begin a campaign to help tackle the litter problem and reinforce the keep to the left system.

We discussed the upcoming meeting about ways to support students in achieving and maintaining good mental health and await a response back from the meeting about how we can take this forward.

Important Dates-

Wed 5th, Thurs 6th of December-

Council members will visit round tutors and students and staff are encouraged to pass on their thoughts and opinions.

Tues 11th of December at Lunch-

There will be a drop in session in the street.

Next Meeting-

The next meeting will be in Mr Parsons room, Thursday 13th of December, 7th period.
