Asthma: Week 35

25 - 31 August

A Guide for Patients/Carers

Did you know there is a rise in Asthma Attacks in August when pupils go back to school after their summer holidays?

Top Tips to help manage the risk of asthma attacks:

Take your Preventer

- Continue to take your preventer inhaler every day, even if you feel well
- Remember to have regular preventer for at least two weeks before going back to school/college, even if you feel well

Know your Asthma Action Plan

Make sure you know what to do in an emergency

Manage your triggers

• It is important to know what makes your asthma worse

Order your Reliever (blue) inhalers for school

Don't forget your spacer

- P1 to P7 sign the consent form to have it at school
- Above P7 make an appointment at the GP Surgery

An asthma attack is a medical emergency If your child is not responding to their emergency asthma plan get help straight away - day or night
