Our website contains helpful videos to allow you to size your child. The majority of young people tend to move up either one or two sizes. As a guide the most popular sizes with senior pupils are as follows:

Senior Boys – ,35,36,38

Senior Girls – 32,33,34

A very small number of boys may require a long fit but this tend to be no more than 4 or 5 in a year group. Normally your child would be of slim build and have longer than average arms.

Please note all blazers are manufactured using materials produced by recycling plastic bottles.
