

Parent Update

11 March 2022

Dear Parents and Carers

Revision & Study Support

We now have a programme of study sessions arranged to support senior phase students as they prepare for the SQA exams.

The first of these is a series of supervised study sessions within the school, taking place from 4 pm to 7 pm each Tuesday and Thursday evening for the three weeks leading up to the Easter break. These are aimed at giving S4 – S6 students a quiet place to study rather than being aimed at subject specific lessons and students have been advised to come along to the sessions with past papers, essays etc that they wish to work on. Teachers will be there to supervise and there will be food available for students. Sign up sheets are available outside Mrs Bleach's office.

Over the two week Easter break we have a very wide range of revision sessions on offer. These are subject specific and teachers will be leading them, focusing on exam technique. These have proven to be extremely helpful in the past and I would encourage as many students as possible to come along to them. There is no need to sign up in advance for these. If there are any issues with staff being unable to attend (given that Covid is still with us that could well happen), they will alert students via their subject Teams pages. I have attached a copy of the timetable for your information and posted it on Teams for students. It will also be added to the school website and app.

The SQA this week released some further exam supports and teachers have been sharing these with students.

Foodbank

Our partnership with Morrison's has been further extended this week. They have very kindly offered to set up a mini foodbank within our school and you should have received a groupcall this week with a link to a form that can be completed for requests by families who feel they might benefit from this support. The link is added below for any who may wish to use it;

I hope that you and your family remain safe and well,

Reminder of Covid 19 Protocols

As you are aware, with the return of our pupils and staff to school, we have put procedures in place that support all members of the school community if anyone displays symptoms of Covid 19.

A reminder that the symptoms are:

- High temperature or fever
- A new continuous cough
- A loss of, or change in sense of smell or taste

If a pupil displays symptoms, we will contact you to collect your child (please ensure that we have your most up to date contact details). **Pupils over the age of 16 may return home themselves.** The pupil should, if possible, wear a face covering en route and avoid public transport.

You will be asked to follow Test and Protect protocols, including booking a PCR test for your child and contacting the school when the result comes through to you.

If anyone within your household tests positive for Covid 19, please follow the most up to date Scottish Government guidance with regards to self-isolation and testing. If your child is then unable to come to school, report their absence and the reason for this by calling PSA in the morning.
