

Deans Community High School

Ethos Standards

We are very proud of our school and our relationship with you is based on trust, equality and fairness.

We hope that there is a positive atmosphere, where you are encouraged to have high expectations of achievement and good behaviour.

We have made these standards to show our commitment to you.

We will:

- provide a friendly and welcoming atmosphere for you to work and play in.
- treat you and members of staff with respect and care.
- appreciate all the contributions you make to the school.
- listen to you and value your opinions.
- encourage you to go to any member of staff for help or to make a suggestion.
- recognise and reward all the efforts you make in school.
- do our best to encourage you to develop your potential.
- expect you to try your best in work and behaviour.
- ensure that you get help when you need it.
- do our best to make you feel safe and secure at all times.
- do our best to keep you up to date with what's happening in school.
- treat boys and girls equally and give you the same opportunities.
- ask you how well we have kept these promises to you and let you know the results.
